DETAILED ACTION

Response to Amendment

1. Receipt of the Applicant's Amendment filed on 05/07/2008 is acknowledged. The amendment includes the cancellation of claims 1-5, 7-8, 15-18, 23-27, 29-37, and 42, and the amending of claims 6, 9-14, 19-20, 22, 38, 44-52, and 54.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 05/07/2008 has been received, entered into the record, and considered. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

3. Claims 6, 9-14, 19-22, 28, 38-41, and 43-56 are allowed and now renumbered as claims 1-30.

Reasons for Allowance

4. The following is an examiner's statement for reasons for allowance:

Applicants' amendment filed on 05/07/2008 overcomes the non-statutory double patenting rejection from the Office Action mailed on 02/07/2008. Specifically, the then dependent claims 9-12, 44-45, and 51 from the previous office action are now allowed because they have been rewritten in independent form and have incorporated the limitations of the then base claim independent claim 1.

Furthermore, prior art fails to teach a combination of elements including accepting first data from a first MIDlet application on the mobile information device, wherein the first MIDlet is identified by a first URI, and wherein the first data comprises a second URI; and

At the application management system, accepting second data from the first MIDlet application on the mobile information device, at the application management system, appending the second data to the URI that identifies the first MIDlet application; and

Prior to passing the appended second data and the URI that identifies the first MIDlet application to a second MIDlet application on the mobile information device;

determining based on a scheme of the second URI that the second MIDlet application is registered to handle the second URI and invoking the second MIDlet application, as recited in independent claims 1, 3, 5, 7, 12, 16-17, and 23.

Specifically, the prior art generally mentions appending data, but does not discuss determining based on a scheme if a MIDlet is registered.

These features, together with the other limitations of the independent claims are novel and non-obvious over the prior art of record. The dependent claims 2, 4, 6, 8-11, 13-15, 18-22, and 24-30 as being definite, enabled by the specification, and further limiting to the independent claim, are also allowable.
